ATTN: PRESIDENT DONALD J. TRUMP

RE: LEGAL NOTICE TO PRESIDENT TRUMP

*First Amendment Petition for
Redress of Grievances¹*

YOUR STATE OF THE UNION ADDRESS

RELIGIOUS LIBERTIES and the

GLOBAL MANDATORY VACCINE AGENDA

Dear President Trump,

Several days ago we viewed your State of the Union Address to our Nation, as well as your speech at the National Prayer Breakfast. While many of the things you described as accomplishments of your administration were good news and your assessment of the threats to our nation were valid, none of those threats affect our nation's health more than the unconstitutional mandatory vaccine laws being rammed through by legislatures in many states throughout our country at this moment. These threats represent a coordinated attack against the God-given and civil rights of ordinary men, women, children, as well as a physician's right to issue medical exemptions at their discretion. Our God-given rights, including parental rights and medical freedom of choice, are reflected in Common Law, the U.S. Constitution, International Law and Ecclesiastical Law.

This attack on our right to refuse vaccination is resulting in mental and physical harm to tens of thousands of vaccine-injured victims and is being orchestrated and carried out by the major vaccine pharmaceutical industry giants: Sanofi Pasteur, Pfizer, Merck, GlaxoSmithKline -- **#BIGVAXXPHARMA**, through lackeys in legislative positions, both Republican and Democrat, and their cohorts in the medical industry and mainstream media.

Mr. President, I don't need to point out to you the dangers of vaccines, as you made it clear that you know of such actual harm when you said in part the following in one of your Primary Debates:

"Autism has become an epidemic ... the child went to have the vaccine ... and came back ... now is autistic."²

Mr. President, Big Vaxx Pharma is so powerful that even you, in that speech stated, "I'm totally in favor of vaccines ..." after saying directly and indirectly that vaccines are responsible for the autism epidemic in our country. You know that being against the mandatory vaccine agenda is personal and political suicide, Big Pharma being the most powerful lobby in the United States and in full control of the media/Fake News narrative.

¹ First Amendment to the U.S. Constitution, "***The right of the People ... to petition the Government for a redress of grievances.***" – In the instant Petition an injury, injustice and wrong which gives grounds for complaint because it is unjust and oppressive. See "Grievance," Black's Law Dictionary, Revised Fourth Edition.

² See Trump's Republican Primary Debate at <http://tinyurl.com/Trump-on-Vaccines>.

Since you made that comment more studies have been published, such as one linking miscarriages (spontaneous abortions) to the flu vaccine,³ one proving unvaccinated children are healthier than vaccinated children,⁴ and one showing that vaccinated compromised individuals are actually the one's shedding such viruses and infecting others,⁵ just to name a few studies and evidence proving the dangers of vaccines and the criminal fraud being perpetrated by those Criminal Participants trying to force vaccines upon the global masses.⁶

President Trump, to understand the seriousness of our concerns as noted herein, we ask you to consider the following observations related to your Address speech comments and their relationship with the dangers posed by those directing and pushing the mandatory vaccine agenda nationwide:

- (1) **BIG PHARMA DRUG PRICING.** You acknowledged how Big Pharma, is charging extremely high prices in the United States for their medications, when they sell the same medications for pennies on the dollar in other countries. This shows that Big Pharma, just like Big Vaxx Pharma, cares more about making money than helping people restore their health. Like Big Tobacco, profits come before death and injury concerns.
- (2) **OPIOID CRISIS.** You acknowledged the opioid epidemic in our country, and while our border with Mexico is not secured and heroin comes through it, the evidence shows that the opioid epidemic is primarily the result of Big Pharma's push of their products/medications containing opioids and other similar synthetic substances. Evidence has come to light proving Big Pharma knew about the dangers of their opioid products, their addictiveness, and yet promoted them with medical institutions and physicians, even for off-label use. We cannot trust such an industry and Big Vaxx Pharma, the most profitable branch, is part of that same Big Pharma industry.
- (3) **CANCER VICTIMS.** You introduced us to a beautiful child who has cancer and courageously campaigned to raise funds to find the cure. This is the saddest of the stories you shared with us because when you see such child victims of cancer on TV and in real life, without hair and in a frail condition, the reality is that such children don't have that appearance as a result of cancer. This is due to the toxic chemotherapy and radiation treatments they are forced to endure by Big Pharma-misguided and in some cases greedy physicians, who receive a bonus payment for each radiation treatment given to their patients, using the same unsuccessful and toxic treatments from over a century ago, simply repackaged for a "more modern" ignorant audience.

In the case of vaccines, pediatricians also receive bonuses (\$400 per child in some cases)⁷ when they convince parents to vaccinate their children. Even worse is to consider the epidemic of babies and children with cancer is a fairly recent one and generally dates back to when the vaccine schedule started increasing the number of recommended/required vaccines. This is no coincidence because vaccine package inserts prove that vaccines contain many types of viruses and carcinogenic substances.⁸

We should not be happy that a cancer patient starts fundraising; instead, we should be outraged that Big Vaxx Pharma is pushing vaccines that the highest scientific authority in vaccines, Dr. Stanley Alan Plotkin, admits have never been tested under true double-blind placebo guidelines, not to mention the fact that the U.S. Department of Health and

⁸ See for example, "Plague," by Judy Mikovits, noting here that vaccines have never been tested to see if they can cause cancer or infertility, as noted in vaccine manufacturers' own vaccine inserts; see tinyurl.com/Vaccine-Insert.

Human Services (HHS) and the Centers for Disease Control (CDC) have confessed it also has not done any National Vaccine Injury Compensation Act-required studies to confirm vaccines' safety and/or harmful side effects.⁹

Toxic vaccines are not the answer to curing disease. The answer lies in strengthening the immune system to fight disease through natural and homeopathic non-toxic treatments. Unfortunately, every time any such successful natural treatment appears, Big Pharma wastes no time in denouncing such treatments as quackery, attacking their promoters, destroying their careers and putting them in jail. Some examples include the attacks against Royal Raymond Rife,¹⁰ Harry Hoxley,¹¹ Dr. Stanislaw Burzynski,¹² Jim Humble¹³ and Kerri Rivera,¹⁴ and Dr. Jeff Bradstreet.¹⁵ Big Pharma, HHS and FDA's coordinated actions to discredit known and proven safe and inexpensive cures for disease, including the use of substances like Laetrile, vitamin C, MMS/CDS, other salts and minerals, herbs, fruits, vegetables and other natural cures is widely published and confirmed.

An FDA representative in a "60 Minutes" interview made it clear, when discussing why DMSO, an incredible substance having multiple uses to heal our body and relieve pain, would never be promoted by Big Pharma or authorized for medical use. Why? DMSO is not patentable and would destroy their market.¹⁶

Your **Right to Try Drug Bill** means nothing if people are not given the option to choose natural and homeopathic treatments instead of allowing the medical industry to force their proven toxic hocus-pocus potions through legislation, making them sicker and more dependent on their products.¹⁷

- (4) **ABORTION.** You mentioned the idea that a baby, in fetus form, up to the day of birth is not a human being and a Child of God and, therefore, it is acceptable to abort it, to kill it if inconvenient to the mother or if she is pressured to do so. Simple logic tells us we cannot choose an arbitrary date to determine when life starts, between conception and delivery, as it is always the same living organism, just in different stages of development. A fetus cannot turn itself into a cow or anything else other than a Child of God.

If purposefully aborting a healthy child is an abomination against God, what can we call injecting into our bodies residual cells and DNA from fetal cell lines derived from such aborted fetuses? Dr. Plotkin has confirmed that healthy aborted fetuses are used in the development of vaccines, which procedures include adding cut-up fetus tissue from the brain, heart, lungs, skin, tongue and other body parts in certain vaccines.¹⁸

- (5) **RELIGIOUS RIGHTS.** In your speech at the National Prayer Breakfast you made emphasis on how you and your administration are protecting Religious Liberties, yet no one, including you, any legislator or news media outlets, from Fox to CNN, are reporting that Big Vaxx Pharma is violating our God-given and Constitutional religious rights by rapidly and forcefully moving in many states, as it did in California via SB 277, to remove all conscience, personal, religious and even medical exemptions to refuse vaccination in order to attend school through state legislation to that effect. They are doing the same with healthcare workers being forced to be vaccinated, with military personnel in order to serve, and soon, if we don't stop them, for any purpose the Nanny State desires. There is no end in sight.

(6) I have filed complaints with your new HHS Conscience and Religious Freedom Division noting all of the above atrocities and violation of our religious rights, but to no avail as of today.¹⁹ The DOJ has also refused to investigate.²⁰

Because vaccines are toxic and cause disease and serious injury like autism, they affect our ability to serve God by defiling our body, the Temple of God. If your intention, such as a physician's right to avoid participation in abortion, was to also help anti-mandatory vaccine advocates with the HHS division of Civil Rights' new Office of Conscience and Religious Freedom, it has not worked and you have failed to follow through. If your intentions are honorable, then you need to eliminate the FDA/HHS deep state swamp that is working against the American people.

(7) **SOCIALISM.** Finally, in your speech you clearly stated, "We renew our resolve that America will never be a socialist country." But what is socialism (the cousin of communism) if not government control over its citizens? What can be said when government can force you to take medications against your will, even when such toxic substances like those found in vaccines have been proven by empirical evidence and observation to be harmful to all recipients in various degrees, up to and including autism (as you confirmed) and, even worse, Sudden Infant Death Syndrome (SIDS), which more accurately should be referred to as **VACCINE DEATH SYNDROME.**

Big pharma, the CDC and those that advocate for mandatory vaccination, like Plotkin, Dr. Paul Offit, Dorit Reiss and every state's education and health department, as well as all other local, state and federal agencies, the medical industry and even the World Health Organization, are fraudulently and criminally involved in a campaign that will force us and physicians that took a Hippocratic Oath to protect their patients, to damage us and our children forever, all in violation of our Natural, Common Law, Constitutional and International rights. **CAN AMERICA BE GREAT IF ALL FUTURE GENERATIONS ARE PERMANENTLY AFFECTED BY TOXIC VACCINES? NEVER!**

Even though Big Vaxx Pharma, the CDC and Plotkin et al will tell us that there are no studies proving that vaccines cause autism or Sudden Infant Death Syndrome (SIDS) and that vaccines rarely cause any sort of serious injury, regardless of extensive evidence to the contrary, the truth is that **reality is not based on written documents that can be manipulated by their creators to reach a certain conclusion; it is based on observation.** The true and only proof of vaccine safety or danger is based on the Law of Parsimony. The Parsimony principle is basic to all science and tells us to choose the simplest scientific explanation that fits the evidence. In the case of vaccination, the following basic facts apply:

1. IN A CHILDHOOD DOCTOR'S VISIT A CHILD SHOWS PERFECT HEALTH AFTER EVALUATION; THEN THE DOCTOR RECOMMENDS VACCINATION
2. AFTER VACCINATION SERIOUS INJURY, INCLUDING DEATH, HAPPENS WITHIN HOURS OR WITHIN DAYS
3. NO EXPLANATION FOR INJURY OTHER THAN VACCINATION IS LOGICAL OR PLAUSIBLE
4. THE SAME SITUATION PRESENTS ITSELF OVER AND OVER AGAIN THROUGHOUT OUR COUNTRY

The Principle of Parsimony would clearly and indisputably point to the involved vaccine(s) being the culprit of such a reaction/injury, and yet, when an obvious vaccine-related injury or death happens, the involved doctor, the CDC and orthodox medical science advocates are never able to explain to parents why such injury/death happened, other than to simply deny it was related or caused by the vaccine, even though there is no other justifiable explanation.

Now that Dr. Plotkin has confessed in video deposition about the truth of all the serious dangers of vaccines and the chicanery by him and Big Vaxx Pharma to conceal that from the public, with Big Vaxx Pharma being unable to stop its dissemination, they are now doing the next best thing: Attempting to eliminate from social media anyone questioning the safety of vaccines using their bought-for friends in Congress. An example of this are the recent hearings in Congress where the large social media giants were asked to eliminate "fake news" from their platforms, just like the fake news media hides all your accomplishments and twists all your words and actions. More troubling is your **archenemy ADAM SCHIFF** formally

asking Facebook and Google to deplatform any persons, groups or organizations that questions the safety of vaccines.²¹ Mark Zuckerberg has already stated that he is seriously considering Schiff's request to silence me and others that question vaccine safety.

ACTION IS URGENTLY NEEDED ON THE ISSUE OF VACCINE MANDATES

Mr. President, for all the reasons noted herein, Big Pharma/Big Vaxx Pharma have proven to be the enemy of the People and must be stopped regarding their continual push for mandatory vaccine programs and related legislation nationwide. From you as President we request, and as Children of God from you we demand the following actions:

1. Establish an executive commission to study not only the dangers of vaccines, but also the fraud being perpetrated against humanity by Big Vaxx Pharma and all their minions, all Criminal Participants at all levels of industry and government; in other words a commission such as the one you originally considered when you took office. We request that you appoint Robert F. Kennedy Jr. or Del Bigtree to head such a commission.
2. Order the Secretary of the U.S. Department of Health and Human Services to issue a nationally publicized Public Notice admitting that:
 - (a) Vaccines recommended by the CDC for children and adults have never been tested using true double-blind placebo-controlled trials to confirm their safety; and
 - (b) The only publicly-admitted study using a true double-blind placebo-controlled trial regarding vaccines was for Merck's HPV vaccine, as confirmed by Dr. Plotkin, and in that study the subjects that received true inert placebo vaccines showed zero injury of any sort, while a significant percentage of those that receiving the HPV vaccine or the aluminum adjuvants in the HPV vaccine did indeed suffer immunological, mental and physical disabilities as a direct result and in more than 2% of the trial subjects, not the one in a million serious injuries claimed in CDC Vaccine Factsheets; and
 - (c) Most vaccine trial studies only lasted 72 hours, in some cases 5 days, with no further documentation of short or long-term side effects or attempts to track this data in the future; and
 - (d) The CDC is unable to prove the safety of vaccines. Because of this, the CDC is to immediately cease and desist from recommending vaccines as safe and helpful in the prevention of alleged "vaccine-preventable diseases until such independent, unbiased and well-designated scientific studies have been done regarding their safety and potential danger;
3. Order the new HHS Conscience and Religious Freedom Division to investigate and take action on all civil rights complaints submitted by affected individuals related to mandatory vaccination laws jeopardizing their children's right to attend school without vaccination if such is the parents' choice and that it issue cease and desist orders against such hospitals, schools, school districts and related state agencies (legislators promoting such bills and governor's approving such legislation, all in violation of their Oath of Office), requiring them to allow school attendance of such unvaccinated children; and to further refer such cases to the U.S. Department of Justice for possible civil and criminal charges via lawsuits against such health facilities and state institutions for violation of civil rights if they refuse to allow employment or school enrollment and participation. Legislators promoting such bills and governors approving such legislation, all in violation of their Oath of Office, must also be investigated for accepting bribes through campaign contributions ; and
4. Issue a full pardon to CDC whistleblower Dr. William Thompson for his participation in the fraud related to CDC claims of vaccine safety, which he admitted to having been a part of as proven by phone recordings.²² This should be granted in

²¹ See article in "The Hill" regarding Schiff's request to social media giants to remove anything pointing to vaccine dangers, at <https://tinyurl.com/Schiff-Facebook-Vaccines>.

return for his cooperation in exposing what he did and under whose authority, from the lowest to the highest level of government and industry, and to outline the purposeful destruction of evidence leading to continued publicized lies of vaccine safety. If Dr. Thompson refuses to make such truthful declarations, we then demand that Dr. Thompson and all those involved in said fraud be criminally charged with Crimes Against Humanity to the fullest extent of the law.

Vaccines are weapons of Mass Destruction.

5. Make public through your Twitter account the deposition of vaccine developer Dr. Standly Plotkin, proving the vaccine fraud, Big Pharma’s purposeful hiding of the dangers of vaccines and their efforts to make their liability-free products mandatory.²³
6. ISSUE A PRESIDENTIAL DECLARATION NOTING THAT MEN, WOMEN AND THE CHILDREN AND PERSONS UNDER THEIR CARE HAVE AN ABSOLUTE RIGHT TO DECIDE WHETHER OR NOT TO VACCINATE THEMSELVES.

Mr. President, from the day you confirmed your stance on the dangers of vaccines we have been hopeful you would take action in our favor and stop the mandatory vaccine agenda being carried out in the United States, but we have been disappointed to see that you did not follow through by creating the vaccine inquiry commission with Robert F. Kennedy, Jr. leading this commission. And yet we see how you may have been instrumental in setting up the meeting between Bobby and others with key executive agency officers to discuss the potential and actual dangers of vaccines since this meeting produced evidence of the vaccine safety fraud. Maybe you are waiting for us to give you the tools to take action in our favor. If that is the case, this letter is the tool you were waiting for. The ball is in your court.

Mr. President, we understand that your plate is full, not only with national and global issues to address, but with the myriad of distractions that are thrown your way every day through attacks against you by partisan Democratic committees, Mainstream Media and deep state operatives working against you at every turn, and we would gladly wait until you address all those other pressing matters before addressing the issues we present herein; unfortunately, everything you might do for our nation will be frivolous if our nation’s inhabitants’ mental health and physical capacity to operate as men, woman and children is forever compromised and negatively affected by the mandatory toxic vaccine agenda.

MR. PRESIDENT: The vaccine fraud is so obvious and detrimental to our National Interests that if you do nothing to stop it, or at a minimum to immediately expose it, we will be left with no alternative but to conclude you are also a part of the deep state by implicitly supporting , by action or inaction, such mandatory consumption of these liability-free vaccines. Please prove to us now, not tomorrow, that you are taking steps to stop this assault on our health and our children’s future: The orchestrated destruction of our collective races, the whole of mankind.

We appreciate your support in the form of decisive action in support of protecting our freedom of choice without restrictions and/or government intrusion regarding vaccination. Can we count on you Mr. President? **Will You Help Us Make Americans Healthy and Great Again?**

Respectfully Submitted,
